Lee Teutsch Gives \$50.

Don't want to overstep the
said Lee Teutsch, proprietor
of Teutsch's large department
store, but I feel the need of some-
thing and I am willing to start
subscription with \$50. I believe
the county court should subscribe
at least \$1000, and with \$1500 from the
men and property owners of
the county, this would enable us to
have an exhibit.Whether the fair is a good propo-
sition or not is a question that has
been asked, but it is our duty to
do a good and creditable showing
for the future of Umatilla
county, and its resources.Alexander, of the Alexander De-
partment store, said: "I favor a
substantial appropriation so all can
pay their share."The merchants are always ready
to share in the promotion
of enterprises that will benefit
the county or Umatilla county," re-
sponded C. E. Roosevelt, of the Bos-
well store, and I am willing to go with
the majority, but I believe this is
of a property owners' show. As
far as I am concerned, it is a fund
for the state commission of the
county exhibits and this with
the appropriation, ought to be
sent for an exhibit. As I look
at the business man and his store
it will be here next year, but the
county will always remain."F. Nicholas, of the New Great
Store, says he is ready to
share of an appropriation. "I
believe the Portland fair," he
said, "will be more a detriment than
a benefit to Pendleton and this com-
mission would give a great deal more
to a fair here. That is what we
need."The meeting at the parlors of the
Commercial Association last night to
over the proposition to raise
money to prepare and maintain a
Umatilla county exhibit at the Lewis
Clark Exposition, took no for-
mal action. Those present informal-
ly discussed the matter, and while all
agreed that something ought to be
done, no plans were submitted, or
the amount named upon which
estimates.Judge Bean favors an im-
mediate appropriation by the county
of \$500, with the understanding
that the citizens, privately, or
through organizations, raise a like
amount to be used to put the
exhibit under way. Judge Bean
feels that the court will undoubt-
edly appropriate \$500 at the Novem-
ber session, with the understanding
that the citizens will contribute
the balance.Commissioner Gilliland,
who was also present, was asked
what conditions do you fa-
vor the appropriation by the county
of \$1000 for a county exhibit?"
he replied:
"In the first place I did not
see an appropriation by the coun-
ty at all. But it appears that
the court does something.
If all is liable to be done,
it will be a great shame not to
let the county represented at the
exposition in proportion to its im-
portance, which is really the second
state. Our own people who
the exposition will inquire about
the Umatilla county exhibit.
It will make us feel cheap andabsurd if there is nothing there to
answer the inquiry with."Besides, if we cannot show inquir-
ing Easterners something that will
do the county credit, we will feel even
worse, and ought to. It will be a
shame if the county is not adequately
represented, when it is possible to
have one of the most valuable, beau-
tiful and unusual exhibits that can
be raised in any agricultural county
in the entire United States.""Further, I am in favor of every
dollar being expended by some one
who will be directly responsible to
the people and authorities of this
county. The Lewis and Clark com-
mission should not be entrusted with
a dollar of it. Let us employ, on a
salary, someone to collect, classify,
ship and arrange the exhibit, co-
operating with the directors of the ex-
position. The exhibits will not cost
anything, and \$2000 can be made to
go a long way. I favor the \$1000
appropriation by the county court
under the conditions I have outlined."

STABBING AT WALLA WALLA.

Russian Farm Hand Assaulted by Col-
ored Trooper.Walla Walla, Oct. 13.—Edward
Wilsey, a Russian farm hand, was
stabbed through the left lung last
night by James M. Smarr, a colored
trooper of the Ninth Cavalry, and
may die. The stabbing occurred in
an alley at the rear of Schwarz's

fered in a quarrel between the negro
and a white civilian, when the for-

Charges Concerning Deals for the

Utah Electors to the Republicans
—A Culpable Act of Corruption In-
fluence in Politics.Salt Lake, Oct. 13.—Former Sen-
ator Frank Cannon, one of the most
prominent Mormons in the country,
has made the most sensational speech
ever delivered in Utah. Cannon was
the chief orator at a meeting of the
American party, just organized of
republican and democratic Gentiles,
who are opposed to the domination
of the Mormon church in politics.He said: "In 1896 a United States
senator came to Utah on behalf of
the republican party and bargained
with the ecclesiastical powers for the
delivery of the electoral vote of Utah
and surrounding states. It was im-
possible to carry out the bargain at
that time.""In 1900 another emissary of the
republican national party came and
made the same bargain for the elec-
toral vote. The bargain was execu-
ted in Utah, which for years previous-
ly had given 1500 majority for Bryan.
The state was turned over to the re-
publican party at ecclesiastical dicta-
tion. This year similar bargains
have been made.""Before the death of the late Sen-
ator Hanna, President Roosevelt be-
came fearful that Senator Kearns
would take a Hanna delegation to
the Chicago convention and a bar-
gain was made by which if Senator
Smoot would take a Roosevelt dele-
gation to Chicago, the Smoot investi-
gation, scheduled to be renewed at
Salt Lake City during the summer,
would be postponed until after elec-
tion. That bargain was carried out."
"Since that time and quite recent-
ly another emissary has appeared,
properly accredited with high author-
ity from Washington. He has bar-
gained for the delivery of the elec-
toral vote to the state to the Roose-
velt ticket."

FOR WHISKEY PEDDLING.

Three Pendleton People to Be Tried
on the Charge.Deputy United States Marshal Jac-
ob Probstel, of Portland, is in Pen-
dleton today serving subpoenas on
witnesses to appear before the federal
grand jury that convenes October
18. There are three indictments
pending against Pendleton persons in
the United States circuit court. All
are for alleged violations of the state
prohibiting the sale of liquor to
allotment Indians. The cases are
against Joe Williams, an Indian, and
Thomas Murrill and Lee Baker, prop-
rietors of the city brewery saloon.
"There is one murder case to come
before the grand jury," said Mr.
Probstel. "Louie Savage, a Grand
Ronde Indian, is accused of killing a
fellow tribesman."
Deputy Marshal Probstel expects
to complete his work in Pendleton to-
day and will go on to Baker City to-
night.RUSSIANS BADLY WHIPPED

THE WALTERS ISLAND.

Owner Expresses Reluctance About
Disposing of It.When asked about the proposition
that he might dispose of the island
to the city for a park, Fred Walters
refused to state either that he is wil-
ling to sell, or how much he would
take for the property. He in fact
expresses reluctance about selling at
any figure, fearing that the proxim-
ity of the race and the presence of
the wing dam across the upper end
would eventually lead to complications
that would be unpleasant, if
nothing more.He admits that the island could be
made a very pleasant place by the
city, being ideal for the location of a
band stand and development of a fine
shade and other attractions.

District D, Underwriters of the Pa-

the Portland Chamber of Commerce

smiled when he referred to the ac-

commerce."The underwriters agreed to re-
duce rates in case a fire boat was
placed in commission by the city of
Portland. We promised a larger de-
crease in case the vessel were con-
structed of iron instead of wood. As
it is the reductions throughout Port-
land have been from 10 to 20 per
cent. We are always seeking to
lower rates when conditions warrant,
and I cannot see where the city has
any fault to find with our treatment
of them after the completion of the
boat."Bryan Abroad.
